Official Store Terms of Service & Refund Policy

DOCUMENT ID: GTS-2024-REF

This document serves as the official policy for all consumer electronics purchases. Please use this file to test the AI Dispute Resolution Portal.

1. REFUND & RETURN ELIGIBILITY

- **Rule A:** Refunds are only granted for defective hardware items reported within **14 days** of the confirmed delivery date.
- **Rule B:** Items must be returned in their original packaging with the factory security seal intact. Any broken seals void the return policy.
- **Rule C:** "Change of mind" or "Buyers Remorse" is not a valid ground for a refund once the item has been shipped.

2. SHIPPING & DELIVERY

- **Rule D:** Store is not liable for shipping delays caused by third-party carriers unless the delay exceeds 48 hours beyond the estimated delivery window.
- **Rule E:** Gift status or personal occasions (birthdays, anniversaries) do not override the standard 14-day return window.

3. CONDUCT POLICY

Customer service interactions must remain professional. Personal grievances or insults directed at staff do not constitute a breach of contract by the seller and will not influence the outcome of a refund claim.

Testing Note: This policy is designed with specific "traps" (Rule E and Rule C) to verify if the AI can identify emotional fallacies in the Buyer's Claim.
